## → How it works

**1****Refer**

Warm-intro the gym owner — a WhatsApp share is enough.

**2****We demo**

15-minute live demo, tailored to their gym. We close.

**3****We build**

Website, portal, WhatsApp automation, UPI billing, QR desk. Staff trained.

**4****You get paid**

Commission hits your bank as soon as the client pays.

## → What you earn (proposed structure)

EVERY CLOSED SETUP

**30% of setup fee**

Paid within 7 days of client payment.  
Example: ₹5,000 setup → ₹1,500 to you.

RECURRING · 12 MONTHS

**20% of monthly billing**

Paid on the 10th monthly. Example: Pro  
₹1,999/mo → ₹400/mo → ₹4,800 over a year.

YEAR-1 VALUE PER GYM

**≈ ₹6,300**

Per referred gym, on typical plan mix.  
Scales with every referral.

Benchmark: B2B SaaS referral norms run 10–30% of first-year revenue or 15–20% recurring (SaaSr / Reditus / Cello 2026 reports). Structure pending final founder approval.
